It was a good occasion for Asia Aquatics TDC members and Asian judges to meet at an Asian diving event. We assigned every TDC member as referee or assistant referee and judging in each event. Due to an insufficient number of judges and the early departure of Singapore judges, TDC members also took the field to judging for this competition so that everybody had the opportunity to experience herself / himself, who also had done their successful jobs during the events.

We selected (7) panel for individual event and (11) for the synchro.
